

Carnegie Science Center and UPMC SportsWorks®

Monday, July 21, 10:00AM-4:00PM

*(Children-friendly: age three and over)
\$55 US per person*

Carnegie Science Center is the number one exploration destination in the Pittsburgh area. With a four-story OMNIMAX® Theater, an interactive planetarium, the largest science of sport exhibit in the country, a cold war submarine, the world's best model railroad display, three live demonstration theaters and a building full of 400 hands-on exhibits, Carnegie Science Center brings the world of science alive for visitors of all ages.

UPMC SportsWorks® at Carnegie Science Center is the world's largest science of sport exhibition, offering over 40 exhibits and more than 60 interactive experiences designed to challenge the mind and body.
