Speaker: Joe Bellanti, Engineer
Aircraft Division – Systems Engineering Group
Moog Inc.

Topic: Career Readiness
Whether you are juniors and seniors just starting your job search, or have your first job, or just starting your career, or looking to improve your current situation, there are 4.5 things you need to know to maximize your chances for success.

Cost: \$5.00 Members
Free for Electrical Engineering Students
RSVP: Judy Moskal 689-6689

Joe is an engineer in the Moog Aircraft Division – Systems Engineering Group, currently working on the F-35 Joint Strike Fighter Program. Over his career, Joe has worked for several employers in the Western New York Area and spent 11 years as a consultant, working for companies across the United States.

He has a unique take on careers and career development and will be available for a question and answer period following the presentation.

Joe is a University of Buffalo graduate with undergraduate degrees in Electrical Engineering and Computer Science (1985) and an MBA (1994).
