

IEEE NH PACE Networking Event:

Wine Tasting

Saturday June 6th at the Vintner's Cellar in Bedford, NH

Renate Wallem, the owner of the Vintner's Cellar, will be presenting six wines for our consideration from the extensive selection made right there.

The long tasting bar is complemented with an area to mingle, racks of wine and a wine production area. It is a great place for our group to gather, network and learn about wines.

The wines will be selected to pair with the vegetable, cheese and fruit appetizers that will be situated around in the space. The grand finale will feature chocolate!

NO experience is needed. Ms. Wallem will give instructions and tips on proper wine tasting etiquette. She will also call attention to wine in various stages of production and explain how it is made.

The evening will start with guests arriving between 5:30 and 6:00 at which time our first wine will be available for sampling. At 6:00 Ms. Wallem will talk about that wine and introduce our next selection. The last course will begin at 7:30 followed by the announcing of our door prize winners. Reservations at the Carrabba's Italian Restaurant nearby will be made for **TBD** for anyone wishing to extend the evening with dinner at this popular venue.

This promises to be both a fun and informative evening! Come out and meet other professionals. Establishing a network is one of the key elements of a healthy career.
