

Evan Becht and Ashwin Murali

You can see their wind machine on the left but their invention is behind the sign. They used the computer to run design simulations and calculations.

Adam Young

The cover of the Weed Wacker Remote was removed to display the components. The green ribbons replaced the metal blade for safety reasons during the competition.

Kyle Walker

Kyle with the three versions of his Pet Water Alarm.

Ashwin Murali, Jim Anderson, Adam Young and Kyle Walker at the Award Ceremony.
Evan Becht had to leave before the ceremony.
