

# **IETE IS STARTING DUAL DEGREE, DUAL DIPLOMA & INTEGRATED PROGRAMS FROM DECEMBER 2011**

## **ADVANTAGES AND SALIENT FEATURES OF DUAL & INTEGRATED PROGRAMS**

- Dual Degree and integrated Programs saves time and money for students as compared to the option of pursuing two programs individually.
- Dual Degree and integrated Programs give a student the option of working in different areas and is more marketable.
- Student's are inducted first for diploma level, but with some extended period can pursue Graduate Level also.
- IETE helps students to fulfill their ambitions by giving them opportunities to pursue Dual and integrated Programs.

# DUAL DEGREE

## RULES AND REGULATIONS FOR DUAL DEGREE PROGRAM

- Dual program will come into effect from **Dec 2011** examinations for the **new scheme/syllabus** only.
- On completion of the course, the student will be awarded separate certificates for each of the streams he/she has enrolled.
- First degree will be awarded only after the completion of **04 years** for AMIETE.
- The student can enroll for dual program in the beginning itself or at any time before completing the first program.
- The enrollment fee for dual program will be **1.5 times** of the single program.
- Student may transfer back to the single program at any time he/she chooses. A student's initial application in no way constrains this choice. In such cases no refund of fee is permitted.
- The eligibility criteria for examination and rules for the first program will be same as that is followed for the individual stream/program of IETE.
- The student has to specify his/her choice of the first program. The eligibility criteria for examination and rules for the first program will be same as that is being followed for the individual stream/programs of IETE.
- Exemptions of subjects/ courses are automatic when the courses are common between the two programs and student need not apply to seek exemptions.

**Two** Dual degree Programs are offered in IETE:

- i. **A student of dual degree AMIETE (CS) & AMIETE (IT) program can obtain both degrees in five years instead of eight years.**
