Report: WIE Event 3

Event: One-Day Computer Literacy Program on "Computer is Fun"
Date: 11/08/2018
Venue: **Begum Rokeya Sabhaghar, 3rd Floor, Main Building, HSS Department, IIEST Shibpur**

The One-Day Computer Literacy Program on **"Computer is Fun"** was organized by IEEE WIE, Kolkata Section for the street children around the locality of IIEST Shibpur, Howrah, in association with the Students Outreach Society "Icche" (the wish), Department of HSS, IIEST, Shibpur, Howrah on 11/08/2018. This jointly organized program was an honest effort to reach out to the marginalized people who are deprived of basic needs and education of so called civil society. The street children of that locality who are studying in local municipal school in the middle class were motivated to attend this computer literacy program. The students were given some basic knowledge on computer depending on their prior knowledge. The students were exposed to the world of MS Office such as MS Word, Excel and Power Point. A total number of 32 participants attended this program. The main motivation behind this program was to make sure the desired benefits reach the deserving souls so that they could stay connected to the main stream of the society through proper education.

WIE Chairperson Prof. Sudipta Chatterjee addressing the audience; WIE members volunteers and participants together
