ABOUT COEP

College of Engineering, Pune (COEP) is one of the most prestigious engineering colleges in India. Established in 1854, it is the third oldest engineering college in Asia, after the College of Engineering, Guindy (1794) and IIT Roorkee (1847). It is located in Pune (formerly Poona), Maharashtra.. In 2004, the institute was granted complete autonomy by the state government, and declared a center for excellence in technical education. The institute now is an autonomous engineering school with permanent affiliation to the University of Pune.

ABOUT E&TC Department

Established in 1948, the department has always remained in the forefront in producing quality engineers who brought laurels to the department and institute. Department has excellent infrastructure facilities and resources which always useful for UG and PG students.

ABOUT THE CONFERENCE

Nowadays great revolution is sparked by rapid progress in Machine Vision & Image Processing technology. Consequently machine vision & Image processing has expanded and is further rapidly expanding from few specialized applications into a standard scientific tool. Machine Vision and Image Processing techniques are now applied to virtually all the natural sciences and technical disciplines. This conference is an attempt to bring together leading engineers and scientists in machine vision and image processing from around the nation. Best paper award will be announced for student paper.
