Seeley International, 112 O’Sullivan Beach Rd, Lonsdale SA 5160. See map attached.
Date: Wednesday 3 July 2019
Time: 12 noon for sign-in, induction and lunch.
Cost: Pay for lunch, $5.

VISIT FORMAT
At 12 noon, there will be Lunch in the canteen. (please have $5 cash to pay for this). At 12.30, a brief outline of the company will be given. This is then followed by a one hour factory tour, with up to 15 people per guide. Hi-Vis safety vests will be provided.
Note: Enclosed shoes and long trousers/pants must be worn.

OUR HOST: FRANK SEELEY
Frank Seeley AM, DUniv Flin, FAICD, is the founder and executive chairman of Seeley International, Australia’s largest air-conditioning manufacturer. During its 40 year history, Seeley launched many world-first innovations in heating and cooling.
Seeley International is 100% Australian owned, with its headquarters at the Lonsdale site. The brand names produced by Seeley include: Breezair, Braemar, Climate Wizard, Convair, Coolair and Coolrado. Products include: Ducted evaporative cooling, indirect evaporative Cooling, reverse cycle air conditioning, ducted gas heating, portable heating/cooling and space heaters.
As an indication of the international reputation, Seeley International recently completed a contract to supply 50000 air conditioners to cool 3 million pilgrims at Mecca, Saudi Arabia. Seeley was successful against 200 other competitors for this contract.
Seeley is one of the few manufacturers of induction and inverter motors left in Australia. To achieve international competitiveness, all products are produced in high volumes at Lonsdale and at Albury, NSW for gas heaters.

Registration is required for this event, please see the accompanying form and return by Friday 28 June 2019 to keith.kikkert@iinet.net.au. Members and visitors are welcome.
