IEEE COMMUNICATIONS SOCIETY - CHARLOTTE CHAPTER PRESENTS:

## POLICY BASED TRAFFIC MANAGEMENT AND END TO END QUALITY OF SERVICE (QoS)

Cisco Systems Inc., the leader in the Internetworking Industry will present a seminar on Policy based Traffic Management and Quality of Service (QoS). This discussion will focus on the need for policy based traffic management, The technologies of traffic management, When and Where QoS is desired, Is end to end QoS attainable. How corporations can save money by using the expensive network resources intelligently. How mission critical business applications are guaranteed the bandwidth when they require it. This discussion will be followed up by a question and answer session.

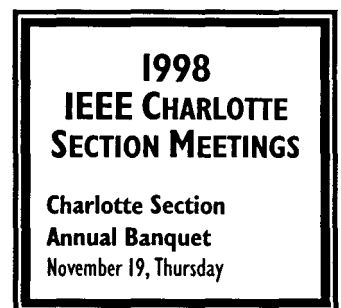

**SPEAKER: JOHN RUGGERE**  
**SYSTEMS ENGINEER, CISCO SYSTEMS, INC.**

John Ruggere has been with Cisco Systems Inc. for the last five years. He is a Cisco Certified Internetworking Engineer with 15 years of experience in Telecommunications Industry. Previously he has been with EDS, British Telecom and Alcatel Network Systems. He has provided design and technical services to Fortune 100 companies.
