Dear Huaibei:

On 27 June 2009, the IEEE Member and Geographic Activities Board (MGA) recognized the **IEEE Wuhan Section** as a recipient of the 2008 MGA Section Membership Growth Award for success in member recruitment and retainment for Region 10.

Each year, a Section in each Region is recognized as having achieved the highest rate of growth. The greatest level of growth is based on the highest percentage of increase in membership relative to other Sections in good standing within each Region. Each recipient shall receive an animated graphic noting this achievement which can be displayed on the Section's web site.

On behalf of the entire IEEE Member and Geographic Activities Board, please convey our congratulations to the **IEEE Wuhan Section** for having achieved this honor.

Sincerely,
