

Celebrating 125 Years
of Engineering the Future

Thailand Section Celebrates IEEE's 125th Anniversary

Celebrating 125 Years
of Engineering the Future

Conference

**Theme : Power & Energy Engineering
for Sustainable Development**

Date : 26 – 27 November, 2009

Time : 08:30 – 04:30pm.

**Venue : Rama Garden Hotel, Bangkok,
Thailand**

Celebrating 125 Years
of Engineering the Future

Objectives

- Focus on advanced technology in Power and Energy Engineering
- Promote new technology performances while preserving the environment
- New methods correspond to “Engineering the Future”

Celebrating 125 Years
of Engineering the Future

Activities

- Keynote speech
- Panel discussion
- Comprehensive and diversified presentations

Celebrating 125 Years
of Engineering the Future

Keynote Speech:

“The Role of IEEE Towards Sustainable Development in Thailand”

**by H.E. Mr. Kamthon Sindhavanondha,
The Privy Councilor and the first Chairman of
IEEE Thailand Section**

Panel Discussion on:

- Global Warming**
- Demand Side Management**

Celebrating 125 Years
of Engineering the Future

Attendees

**200 – 250 engineers, academics,
students, from**

- Power Utility Providers (100)
- Industrial Plants (100)
- Universities (50)

Celebrating 125 Years
of Engineering the Future

Publicity

- Newspaper, newsletter
- Magazine: Power & energy sectors
- Website, e-mail
- Radio
- Poster: in universities and power & energy sectors

Celebrating 125 Years
of Engineering the Future

Requested Budget

- Venue cost **600 \$**
 - Printed materials and postages **400 \$**
- Total 1,000 \$**

Celebrating 125 Years
of Engineering the Future

IEEE Thailand Section supports

- refreshment, food and CD ROMs

Celebrating 125 Years
of Engineering the Future

Thank you
