---

# PACE Projects - 2005

- Sections proposing PACE Projects:
    - Erie, Columbus (2), NOVA (4), Pittsburgh, Southern New Jersey (2), Philadelphia, Washington (4), Baltimore, Central PA
  - Projects include both MPACs and SPACs
  - \$11,115 of R2 PACE Budget allocated to date.
    - \$5,965 dispersed
    - \$5,150 committed
    - \$2,000 allocation from IEEE-USA used to support MPACs in Region 2
  - \$2,656 still to be allocated in 2005
-

---

# PACE Projects - 2005

- Budget - \$11,771
    - Additional \$2,000 available from IEEE-USA for MPAC Activities
  - Project Proposals should be submitted ASAP
    - Final funding allocations will be determined, made by beginning of December
  - Project Reports need to be submitted (hopefully by December 15<sup>th</sup>)
-

---

# Leadership Conference - 2006

- St. Louis, MO.
  - 3 - 6 March 2005
  - Region 2 Sections are typically well represented – would like to see as many Sections present as possible
  - Key presentations/tracks to be offered:
    - Government Relations
    - MPAC Programs
    - Local Programs Best Practices to Enhance your Local Members' Competitiveness
    - How To Keep Up in a Global Economy Using Professional Development Skills
-

---

# Member Professional Activities Conference (MPAC)

- Engineers need to communicate directly w/ customers and suppliers as part of the value-added process
  - Focus on improving/complimenting Engineer's professional awareness in industry, engineering environment
  - IEEE-USA focus/push for 2005
  - Funding is available as PACE Project and from IEEE-USA
-

---

# Hurricane Katrina

- IEEE USA donated \$5000 to American Red Cross for relief effort
  - PACE Committee met (via Teleconference) to discuss what was happening with Members, Students that were impacted.
  - Regions 3 and 5 trying to identify members and their needs
  - Possible PACE projects for students include buying books and supplies as students are transplanted to other schools
-
