

IEEE Region 2 – Cincinnati Section

Brian J. Resnick, Chair

Work Phone: (513)-701-7492

Brian.Resnick@IEEE.org

Section Activities

- **Educational Activities & Continuing Education Courses**
 - For the Professional Engineers, we have structured our section meetings to be educational and therefore count as an hour towards their Ohio professional development requirements.
 - Providing a six-hour professional development workshop

Section Activities

- **IEEE-USA / PACE Activities**
 - Senior Member Membership Drive

Section Activities

- **Pre-College Education**
 - Support FIRST LEGO League with volunteers and mentors

Section Activities

- **Industrial Tours**

- University of Cincinnati Central Power Plant
- Harris Corporation – ATSC Digital TV
- FKI Logistex Conveyor Technology & Education Center

Section Activities

- **Meeting Topics (Lectures)**
 - Offshore Outsourcing - One Engineer's Experience
 - Global Warming
 - Homeland Security
 - Student Projects – Senior Design projects from local colleges

Section Activities

- **Meeting Topics (Lectures)**
 - Development Tools and Slick Devices from Texas Instruments that Anyone can Afford
 - Stuff You Don't Learn in Engineering School
 - Functional MRI of the Brain

Society/Chapter Activities

- **EMBS**
 - Formed new chapter in 2008

Student Activities

- **Student Competitions & Awards**

- Funded three awards for Senior Design projects for the Electrical & Computer Engineering Technology students at the College of Applied Science
- Fund student branch activities

Affinity Groups' Activities

- **Gold**
 - Plan to petition in 2008/2009

Successes

- **Increased attendance of Professional Engineers by offering professional development hours**

Difficulties / Concerns

- **The usual: dues too high, people too busy to attend, and not enough volunteers**

What can the IEEE do for the Section?

- **Support electronic/web balloting for section elections**
- **Provide more tools (mySQL and dynamic services) on EWH so that we can migrate**
- **Lower the dues – provide usage breakdown**
