

TITLE

John Twigg
Chair, Pittsburgh Section

Activities

The activities for the year are designed to increase the Section's scope and awareness within our communities, to increase the membership's involvement level within our activities, and to recognize accomplishments.

Increasing the Section's scope

- 16th Annual 8th-Grade IndEEE 500 Robot Car Race during Engineer's Week
- Assisting the X-Prize Foundation in defining the first Energy X-Prize
- Creating a Robotic Competition Kit to be shared with other Sections
- Creating a Vintage Computer Exhibition in Pittsburgh
- Creating an Green Energy Symposium
- Began meetings with our Sister Section, Toronto

Increasing our Members' Involvement Level

- Started the Pittsburgh Section's Nanotechnology Council Chapter
- Starting the Pittsburgh Section's Component Packaging & Mfg Technology Chapter
- Revitalizing the Computer Society
- Revitalizing the Women in Engineering affinity group
- Revitalizing the Consultant's Network

PHASE III – Recognition

- PES Outstanding Large Chapter Award
- PES High Performance Chapter Award
- Winning Website Award

Event Pictures

G

Highlights

- PES-ISA Chair Mey Sen receives PES 125th Anniversary Award from PES President Wanda Reder, among other awards
- Provided assistance to X-Prize Foundation to choose their first Energy X-Prize. Working with them to create a Pittsburgh-based Energy X-Prize.
- Creation of two new Chapters, Nanotechnology and CPMT
- Increasing Chapter meeting attendance, EMC meeting with IEEE EMC Chair presenting to 64 attendees and Holly Cyrus attending the Picnic (with 7 new WIE members) as examples
