

# IEEE TRANSACTIONS ON INTELLIGENT TRANSPORTATION SYSTEMS PAPER SUBMISSION GUIDELINES

IEEE TRANSACTIONS ON INTELLIGENT TRANSPORTATION SYSTEMS is published quarterly beginning with the March 2000 issue. Each paper submitted is subjected to a thorough review procedure, and the publication decision is based on the comments and recommendations of the reviewers. Review management is generally under the direction of an associate editor. Often, reviews take three months to obtain, occasionally longer. Additional time is required for the publication process.

## A. Process for Submission of a Technical Paper

- 1) All papers should be submitted electronically in Portable Document Format (PDF). The paper should print correctly on 8.5 by 11 inch paper. A text version of your abstract will be required.
- 2) We accept four kinds of papers: Regular Papers, Short Papers, Practitioners Papers, and Survey Papers.
- 3) Please utilize our manuscript submission system at: <http://mc.manuscriptcentral.com/t-its>
- 4) We encourage the submission of attachments with the paper. An attachment (video, animations, applets, code, data, etc.) should be referenced in the text of the paper and enhance the presentation.
- 5) If the manuscript has been presented, published, or submitted for publication elsewhere, please inform the Editor. Our primary objective is to publish technical material not otherwise available, but we do occasionally publish papers of unusual merit that have appeared or will appear elsewhere.

## B. Style for Manuscript

- 1) Use double-space and 11 pt or larger (12 pt recommended). Please have your text fit in 8.5 × 11 inch (21.6 × 27.9 cm) sheets.
- 2) Regular papers are normally about 10 TRANSACTIONS pages in length, or shorter. Short Papers and Practitioners Papers are generally no more than 6 TRANSACTIONS pages in length. Please see the discussion on excess page charges for charges that are imposed when manuscripts exceed 10 and 6 pages.
- 3) Since the TRANSACTIONS publishes only in English, contributors for whom English is not a native language should consult a colleague who is familiar with the English language, prior to submitting the paper, for the purpose of editing the original manuscript.
- 4) Provide an informative 100 to 250 word abstract at the head of the manuscript for Regular Papers; provide an abstract of not more than 100 words for Short Papers and Practitioners Papers.
- 5) Provide footnotes, beginning with "Manuscript received . . ." (date to be filled in by Editor) and affiliation of the author(s), and continuing with numeric citation. Acknowledgement of financial support is placed at the end of the first footnote.
- 6) References should appear in a separate section at the end of the paper, double-spaced, with items referred to by numerals in square brackets. References must be complete and in IEEE style: *Style for papers*: Author, first initials followed by last name, title in quotations, periodical, volume, page numbers, month, year. *Style for books*: Author, title. Location: publisher, year, chapter, and page numbers (if desired). See any issue of the TRANSACTIONS for examples.
- 7) Provide a listing of all figure captions.
- 8) Authors of accepted papers will be asked to supply a head and shoulders photograph of themselves and a technical biography. The biography should be in the form used in IEEE TRANSACTIONS, consisting of three paragraphs of information: name, where and when born, degrees earned, field(s) of study, school, city, state; chief employment dates, organizations, positions held, type of work, responsibilities, present position; and professional society membership, offices, awards.
- 9) Accepted papers will rapidly appear on the Web in the IEEE XPLORE system approximately three weeks after corrected page proofs are received from an author. This will typically be before the paper appears in the print version of the journal. Hence, papers will be disseminated to the research community faster utilizing electronic submission.
- 10) For further instructions see "Information for IEEE Authors," available on the Web at <http://www.ieee.org/organizations/pubs/transactions/information.htm>. This and other information may be obtained at the WWW site <http://www.ieee.org>.

## C. Style for Illustrations

- 1) Originals for illustrations (including tables) should be sharp, noise-free, and of good contrast as they will be photographed or electronically scanned. We regret that we cannot provide drafting or art service.
- 2) On graphs, show only the coordinate axes, or at most the major grid lines to avoid a dense hard-to-read result.
- 3) All lettering should be large enough to permit legible reduction of the figure to column width, sometimes as much as 4 to 1. Please be very sure that your lettering is sufficiently large such that it will be readable after photo-reduction.
- 4) If an illustration is to be reproduced in color the author is responsible for the incremental cost of printing in color. (See Section E.7 for color reproduction costs.)

## D. Voluntary Page and Excess Page Charges

After a manuscript has been accepted for publication, the author's company or institution will be requested to pay a voluntary charge of \$110 per printed page to cover part of the cost of publication. These page charges, like those for journals of other professional societies, are not obligatory nor is their payment a prerequisite for publication. The author will receive 100 free reprints without covers if this charge is honored. A mandatory overlength page charge of \$175 is required for each page in excess of 10 pages for a regular paper and 6 pages for Short Papers. Authors who are concerned with these latter charges are encouraged to estimate the length of their manuscripts prior to submission. Detailed instructions on payment of these charges will accompany the page proof.

## E. Submission of Accepted Papers

Please prepare and send all the final manuscript material electronically on a CD or via e-mail to the Assistant Editor Dr. Simona Berté. If you send a CD, please address it to Dr. Simona Berté CEDI - Facoltà di Ingegneria, Università degli Studi di Parma, Parco Area delle Scienze 181/A, 43100 Parma, Italy. If you send the material via e-mail, please send it to: [finalpapers@ce.unipr.it](mailto:finalpapers@ce.unipr.it). The receipt of each e-mail message will be automatically acknowledged. When sending your final paper, please reference the paper ID and type (Regular Paper, Short Paper, Practitioners Paper, Survey Paper) and include the following: 1) A PDF version of the paper (two columns IEEE style) and an identical version using either LaTeX or MSWord. 2) Original versions of figures and tables (600 dpi for line art; 220 dpi for grayscale) in any graphics format (Tiff, EPS, postscript, JPEG, GIF, WORD, PowerPoint, Excel, and PDF, etc.) in separate files. All grayscale and line art graphics will be converted to TIFF. For assistance, please visit <http://www.ieee.org/organizations/pubs/guide.html>, choose "Tools for Authors" and then "New Graphics Checker Tool" or choose various PDF "Read Me" files for instructions. If you need further help or have additional questions, please e-mail: [graphics@ieee.org](mailto:graphics@ieee.org). 3) A text file with the list of captions and footnotes and the complete postal, e-mail addresses of all the authors, and biographies/photographs of all authors (not required for Short Papers or Practitioners Papers). 4) Name, mailing address, phone, FAX, and e-mail of author to be sent galley proofs. (Please note that proofs will need to be returned within 48 hours of receipt.) 5) Electronic version of the signed Copyright Form. 6) Be sure that you understand the rules governing overlength page charges discussed in the Instructions for Authors which can be found on the TRANSACTIONS website. 7) If color is to be reproduced, the corresponding author must agree to accept responsibility for payment of the costs for separations and printing BEFORE any processing of color graphics is performed. The corresponding author must provide a method of payment as well, either through their organization or credit card. The current costs for color reproduction is a flat printing fee of US\$625.00 plus US\$125.00 per piece of color artwork. (Please note that this cost does not include the ordering of Reprints. Please see the Reprints/Page Charge form that will accompany your galley proofs.) 8) You will need to submit all graphics both electronically and in hardcopy. PDFs of graphics will also be acceptable as "hardcopy." 9) Upon submission, please send an e-mail message to [transits@ce.unipr.it](mailto:transits@ce.unipr.it) indicating the paper ID number, title, and authors, and specifying your choice regarding using color, in case your paper has color figures. Please send the abstract of your paper (plain ascii file) also to [b.vanarem@utwente.nl](mailto:b.vanarem@utwente.nl) for inclusion in the IEEE ITSS Newsletter.

## F. Copyright

It is the policy of the IEEE to own the copyright to the technical contributions it publishes on behalf of the interests of the IEEE, its authors, and their employers, and to facilitate the appropriate reuse of this material by others. To comply with the U.S. Copyright law, authors are required to sign an IEEE Copyright Form before publication. This form, a copy of which may be obtained from the following web address: <http://www.ieee.org/about/documentation/copyright/cform.htm>, returns to authors and their employers full rights to reuse their material for their own purposes. Authors must submit a signed copy of this form with their final manuscripts.
