

Call for R10 Student/GOLD/WIE Congress 2008 Organizing Team

The third Region 10 Student/GOLD Congress was successfully held in Beijing in July 2006. The **R10 Student Activity Committee (SAC)** calls for organizing committee for the next congress to be **held in 2008**. The Student Activities Chair, Graduates of the Last Decade (GOLD) Coordinator and Women in Engineering (WIE) Coordinator recommend that the next congress will be organized together and the Student, GOLD, and WIE congress will have a common first day and later on will run in parallel. The main purpose of the congress is that Student, GOLD, and WIE members mutually share the knowledge and skills, and inspire leadership commitment. Student Branch and GOLD/WIE affinity Group leaders are working together on a joint effort to discuss the aspects of Student Branch organization and leadership, as well as the transitional issues of GOLD/WIE. It is important to bring together student branch and GOLD/WIE members from the whole Region 10 for the congress. The next congress should have attractive program for student, GOLD, and WIE member in our region.

Prior to submission, student branches, GOLD and WIE affinity groups should hold a meeting with their local Section. Student branches, Local Section and GOLD/WIE affinity group collaboration is strongly encouraged. The proposal should be concise, creative and informative. The dates of the Congress can be between February and September 2008, convenient to majority of countries in R10, according to the academic calendar.

The proposal for the student congress should include

1. **Congress Theme**
2. **Reasons for Application**
3. **Desired Objectives**
4. **Proposed Venue & Dates**
5. **Proposed Budget for student congress (the student delegates can be charged up to US\$ 100 only, the R10 support to the student congress will be limited to US\$ 2500 only. The rest of the budget projection has to be raised through sponsorship and support by local section/chapter/student branches).**
6. **The budget of the GOLD/WIE congress has to be submitted separately.**
7. **Others, if any**

All preliminary proposals should be submitted by email to

1. **Dr. Mini S. Thomas, R10 Student Activities Coordinator mini@ieee.org with a copy to**
2. **Yasuharu Ohgoe, R10 GOLD Coordinator (yas@f.dendai.ac.jp)**

by 15th March 2007.

Best Wishes!

R10 Student Activities Committee (SAC)
