IEEE Orlando Section Executive Committee Meeting

Date: Tuesday, December 9, 2014

Time: 6:30 - 7:00 pm - Dinner; 7:00 - 8:00 pm Executive Committee Meeting

Place: Red Lobster Restaurant, 3552 E. Colonial Drive, (Approx. 300 Yards North East of the usual meeting location) Orlando, Fl 32803.

Cost: Meeting attendance is free to all IEEE members and Non-IEEE members.

RSVP: Stanley Buchanan, stanbuchanan@IEEE.org, tel. 407-256-3329 - Cell. Please RSVP and be at the restaurant at or very close to 6:30 P.M. ordering time. We will meet in the side room at the South East Corner inside the building (enter on the North side facing E. Colonial Drive). Expeditious ordering will be accomplished if all attendees will print out and bring with them the attached Menu and circle their selections. Extra copies will be available at the restaurant for those who forget their copy.

Menu Selection: See Menu from which attendees are to make their selection(s) for dinner. The Bar Harbour Salad item at the bottom is an addition to our chosen menu and primarily for those who need an extra Vege option (i.e., without the Meat portion)

2014 IEEE Orlando Section Annual Election

Welcome to the 2014 IEEE Orlando Section Annual Election! The appointed Elections Committee formed by Juisai, Joe N. joe@juisai.name, Mike Orlovsky mcorlovsky@ieee.org and David Flinchbaugh doctorflinchbaugh@yahoo.com awants to take this opportunity to personally
express its sincere appreciation for you being an IEEE member! Our duty and responsibility is to ensure that your voting rights are protected and that you are confident that your vote is accurately cast and tabulated.

- Sign-in using your IEEE Web Account at https://voting.vtools.ieee.org/
- Click where it says “Click here to vote on a ballot”
- Select the 2014 Orlando Section Annual Election Ballot
- Click “Vote” under the column “Action” and follow the instructions

Please select one candidate for each position. The candidates are:

- **Chair:** Stanley P. Buchanan
- **Vice Chair:** Ravi Rajaravivarma
- **Secretary:** Lynn Guthrie
- **Treasurer:** Yiliu Wang

Please don’t hesitate to contact the Elections Committee members if you have a question, comment, or complaint regarding your voting experience. The election process started on November 11, 2014 and will end on December 8, 2014 at noon.

Thank you for voting – your vote counts!

### IEEE Orlando Section Congratulates Dr. David Flinchbaugh for 60 years of membership

The IEEE President's Office in Piscataway, NJ sent out a pin, which was received on October 24, 2014 by Dr. David E. Flinchbaugh, P.E. acknowledging his 60 years of continuous active membership, starting with his joining as a college student member at the April 1954 Conference and Exposition of the "Institute of Radio Engineers" at the New York City Coliseum.

On October 1, 2014, Dr. Flinchbaugh also received a letter granting him an Honorable Mention for his work toward inventing a solution in the "Creating the Future" design competition conducted by the new Medical Design Briefs publisher in NYC, which also has published NASA Tech Briefs for several decades. A description of his work and its importance to society will be included in next month's November issue of their publication.
He has entered the "Patents for Humanity" competition sponsored by the United States Patent & Trademark Office, with his seven issued patents and 25 additional patent applications for medical devices, systems, and procedures.

He has also become involved with one of the newest IEEE organizations, the "IEEE Engineering in Medicine & Biology Society", where their newly elected leader is located in Gainesville, FL.

With his new 501(c)(3) (pending) charitable organization, the "Foundation Fighting Fatal Infection and Disease" he has also applied for a grant with the IEEE Life Member Foundation which he and his wife of 57 years, Heide, hope will speed their ability to provide the Wounded Warriors, the Disable American Veterans, the Wounded Airmen, and other similar groups of disabled personnel with their unique, FDA-certified, clinically-proven life-saving medical products.

**Identify members you wish to recruit for senior membership elevation:**

Volunteers with access to SAMIEEE can run a predefined query - Senior Member Upgrade - 1st Level Requirements.
Teaching Opportunity - Wekiva High School Laser/Photonics Academy

The Valencia College Division of Engineering, Computer Programming, and Technology was recently informed that one of the teachers in the Laser/Photonics Academy at Wekiva High School, which is a partnership with Valencia College, is not returning this fall. These leaves the academy students at Wekiva without a teacher for two classes. I am committed to helping Wekiva to replace the teacher before the 2014-2015 school year begins for Orange County Public Schools. Here is some information about the Academy: https://www.ocps.net/lc/north/hwe/Documents/Laser%20Photonics%20Brochure.pdf

The teacher for these two classes must have a masters degree in electrical engineering, electronics, or photonics. If a candidate is a certified teacher, they will be eligible for the full-time position at Wekiva HS and will teach two additional classes in electronics. If not, they can still teach there as a Valencia Dual Enrollment instructor, at a pay scale that is higher than the Valencia adjunct rate, for the two needed photonics courses – see here: http://valenciacollege.edu/HR/documents/ValenciaCollegeSalarySchedule14-15.pdf (Page 5 shows dual enrollment salary in parentheses)

If you or someone that you know is interested in applying for this opportunity, the turn-around time will be fairly quick. Please let me know and I will facilitate the appropriate connections and process.

Please share this message with anyone you think might be qualified/interested.

Lisa Macon, Ph.D.
Dean
Division of Engineering, Computer Programming, & Technology
AAWCC Marketing Coordinator
West Campus
IEEE Member Discounts

Do you know what the IEEE Member Discounts program does for IEEE members? Here are some important facts about this program:

- More than 70,000 IEEE members use at least one of the benefits in the Member Discounts program.
- Member Discounts products and services are supported by contracts between IEEE and providers, vetted by the professional staff and volunteers.**
- Member Discounts help to support the personal and professional needs of IEEE members throughout their careers, and are portable when they change employers.
- Not all Member Discounts insurance plans and product discounts are available in every country; however, members can find many benefits available in a number of countries, with more being added each year. In fact, the insurance program now spans 84 countries!
- Member Discounts are promoted at no cost to any member and more than $5.3 million in annual non-dues revenue from these programs benefit members worldwide.

Discover what IEEE Member Discounts can offer you. The Member Discounts portfolio consists of insurance products and programs for the home, office and travel, all at excellent group rates and reduced pricing. Visit [IEEE Member Discounts](#) to see what’s available in your location and enjoy the savings.

** We can assist with developing local benefits, too. Contact L.Koblin@ieee.org for more information.
