Esme Vos, Founder  
MuniWireless.com

This presentation will discuss the latest developments in municipal wireless broadband deployments. Ms. Vos will discuss the search for viable business models after EarthLink's decision to leave the market. She will also share preliminary findings in the MuniWireless.com 2007 State of the Market Report. Finally, she will speak about Wi-Fi on public transport in Europe. Specifically, she will report on Wi-Fi on buses in London, the Baltic Republics, the TGV and other high-speed trains.

Esme Vos is the founder of MuniWireless.com, the portal for information about municipal wireless broadband projects around the world. Esme began MuniWireless in 2003 as a blog and turned it into a small publishing operating with conferences, seminars and webinars. Esme is an intellectual property lawyer who has advised European and US technology companies. She was the Chief Legal Officer of Spray Network, a pan-European portal and Baan Business Systems, a global enterprise resource planning (ERP) software vendor and VAR. Esme is based in Amsterdam.
