Class grade and title _____

Description of item(s) requested _____

Purpose of items(s) requested _____

Amount requested \$ _____ estimated amount

Date _____

Survey Question #1: *What is your most serious science need?* _____

INSTRUCTIONS: (1) obtain this form and proposal number from Optics-Ed representative; (2) fill out form using items from Radio Shack; (3) e-mail unsigned form to Optics-Ed representative; (4) upon approval applicant will be notified by e-mail when items are ready for pickup; (5) sign printed form upon receipt.

Maximum amount of NanoGrant is ten US dollars (\$10.00). Funds are limited. One NanoGrant per public school teacher (grades 5 through 12) per year. A valid e-mail address is required. All decisions are final.

Items must be science, technology, engineering or mathematics related. Optics-related proposals are encouraged. Items must be consumable, for example batteries, miniature light bulbs, LEDs, wire, resistors, lenses, and other small parts in the current Radio Shack commercial, on-line, or consumer catalog. Inappropriate items would include cash, gift certificates, most toys, appliances, media, and office supplies.

Do not write in this space. For Optics-Ed Use Only
