Dear IEEE Winnipeg WIE Affinity Group:

On behalf of the IEEE Women in Engineering Committee (WIEC), I am pleased to announce that the IEEE Winnipeg WIE Affinity Group has been selected the 2004 WIE Affinity Group of the Year.

As this year's winner, your group will receive US\$250 to help support future activities as well as the enclosed certificate. We hope to share the stories of successful groups such as yours with others in order to encourage more WIE members to become active in their local area.

Congratulations on being selected as the first recipient of the WIE Affinity Group of the Year Award and our best wishes for the continued success of your chapter. We look forward to watching and supporting the continued success of WIE Winnipeg.

Staff will be contacting you regarding the disbursement of the funds.

Sincerely,

A handwritten signature in cursive script that reads "Mary Ellen Randall".

Mary Ellen Randall  
2005 WIEC Chair
