

***Mark your calendars!***

**9th Electronics Packaging Technology Conference (EPTC 2007)  
December 10-12, 2007 Singapore**

The 9th Electronics Packaging Technology Conference (EPTC 2007) is an International event organised by the IEEE Reliability/CPMT/ED Singapore Chapter and sponsored by IEEE CPMT Society.

This Conference will bring together researchers, engineers and practitioners involved in the development of integration technologies and packaging. The participants will also have the opportunity to interact with the other delegates by the means of plenary talks. It aims to provide a good coverage of technological developments in all areas of electronic packaging from design to manufacturing and operation. It is a major forum for the exchange of knowledge and provides opportunities to network and meet leading experts in the field.

Since its inauguration in 1997, EPTC has developed into a highly reputed electronics packaging conference in Asia and is well attended by experts in all aspects related to packaging technology from all over the world.

The conference program includes full-day short courses which will be conducted by leading experts in the field. Details will be available at a later date.

A tabletop exhibition featuring suppliers of materials, equipment, components, software and service providers of the microelectronics and electronic assembly industries will be held during the conference.
